1. Before you begin the procedure

◆ *Prepare the following in advance*

- (1) Mobile phone number
 - (2) Student number (the number on your student ID)
 - (3) Student name and date of birth
 - (4) Account holder's name and date of birth
 - (5) Other information necessary for authentication by the financial institution
- *Required information differs depending on the financial institution.

NOTE

- (1) This service is available only on smartphones with an SMS (Short Message) subscription. It cannot be accessed from feature phones or PCs.
- (2) Do not use the browser's back, forward, or reload button while operating on the screen. Be sure to use the buttons on the screen.

2. Enter and confirm your phone number

◆First, access the site using the URL or QR code for account registration on the front cover.

This step is for sending an SMS (short message) containing a link for account registration* to your mobile phone number.

Enter your mobile phone number in (1) and the dedicated code “8013” that we have provided to you in (2).

Check that you have entered the correct mobile phone number and the dedicated code, and press (3) “Confirm.”

The information you have entered will appear on the next screen. If everything is correct, press (4) “Send SMS.”

(5) A screen appears indicating the SMS transmission request has been accepted.

(1) Make sure to enter your mobile phone number correctly.

(2) Enter the dedicated code “8013” that we have provided to you.

(4) When the mobile phone number you entered appears, make sure it is correct, and press (4).

* Numbers that appear when receiving SMS containing links for account registration

NTT DoCoMo, au (KDDI), Rakuten Mobile (Rakuten line)	05053584760
SoftBank	242143

In the case of an MVNO* (low-cost phone plans, etc.), the number will be that of the company from which the mobile company in question has leased the communication line.

*MVNO: Short for Mobile Virtual Network Operator ⇒ Operators that provide services by borrowing wireless communication infrastructure (i.e., the infrastructure used to transmit radio waves to mobile phones and smartphones) from other companies

3. Read the precautions

<NOTE: After sending an SMS in step 2, open the link in the SMS text.>

◆Please read [Privacy Policy] and [Precautions] carefully, check “I agree” for (1) and (2), and press (3) “Next.”

(1) Pressing “To Financial Institution Website” will load the web page of the financial institution you have registered. Follow the instructions given by your financial institution to complete the direct debit procedure.

On the financial institution's web page, you will be required to enter information such as the following:

- Latest account balance
- PIN
- Account holder's date of birth
- Phone number registered at the financial institution

NOTE: Required information differs depending on the financial institution.

9. Register at your financial institution

● The registration procedures differ depending on the financial institution.

Please contact your financial institution for any questions about operation method, contents, etc.

NOTE: Depending on the financial institution, you may be unable to receive adequate explanations about this Online Direct Debit Acceptance Service if the staff is not the person in charge.

This “Online Direct Debit Acceptance Service” is called differently at other financial institutions.

When making inquiries to your financial institution, please indicate that your question concerns an online direct debit registration service, in other words you need information about the direct debit registration function that uses an internet connection.

10. Registration complete

◆ Your registration is complete when “Success” appears in (1).
